**Public Input:** Eugene brought up the issue of having his driveway restored since the township tore it up this summer and it was really rough now. Ed told him that there may have to be a bigger ditch dug and a culvert may have to be put in. After further discussion, Ed ended it with telling Eugene he would look at it again before any decisions were made. Phil Spencer brought up the Carl W. Nelson shelter issue. Ed asked for his input. Phil was concerned about the township not currently having a noise ordinance and if by chance the shelter was built in Summit Township what effect the noise might have on neighbors. After Phil gave his input, Ed proceeded to further explain the main reason the Carl W. Nelson animal shelter was put on the agenda was really to decide that night whether or not the Township was going to put the \$2.00 per person in the budget in support of the shelter.
